

Professional Development Training with *Strategy Execution* and *Brazosport College*

Managing Projects

Managing Projects gives you the foundation, techniques and tools to manage each stage of the project life cycle, work within organizational and cost constraints, set goals tied directly to stakeholder needs, get the most from your project management team, and utilize state-of-the-art project management tools to get the work done on time and within budget.

Covering the entire project life cycle, this course is built around best practices currently used in today's fast-paced business environment. You'll learn project management skills through case studies, hands-on exercises and practical experiences that can immediately be applied to your job. This approach yields a comprehensive project management experience, including the early stages of defining project requirements, developing work breakdown structures, project change control and closeout.
